IBF Code: P210819FPG - Classroom

About the Workshop !

This workshop aims to help Financial Consultants who wish to penetrate the Retirement Planning market, where Singaporeans are living longer but are generally ill-prepared for retirement.

You will learn and appreciate **CPF - the Basic Retirement Plan** of Singaporeans. You will also acquire a one-of-a-kind projection tool that will enable you to factor in the client's CPF as part of the Retirement Funding.
